RIOT HOUR 1800HRS BAR VENEZIA 10-5-16

The Art Vending Machine

We are looking for objects to populate a dispensing machine that will be launched in May 2016 and located in a commercial bar space for the duration of Art Week Exeter. The Art Vending Machine is a twist on the concept of the art market; rather than wine-bloated previews and the paint-stained handshakes of a privileged few... with the clean clunk of coins and a whirr suddenly anyone can possess a new piece of art.
Our intention is to tour the AVM in galleries, creative and commercial spaces nationally, stopping off for Art Weekenders, Zine Fairs, and etcetera.
The AVM holds 25 x 5 objects and will be re-stocked either as each line runs out or on a 6-month period.

Artist's Role
The vending machine holds boxes of 95mm x 20mm x 55mm and it will be the role of the artist to create 25 art-works (either a series or multiples of the same piece) that fit the dimensions of the box (templates available on application). The work can be: placed inside the box, made from the box itself or be something made to the dimensions of the box. Pieces will need to be completed by the 28th April, we need to stock the vending machine and complete the promotional material by then.

Materials
The artist is free to utilize the dimensions of the box to create an artwork which takes any form and uses materials that stands out to them; however, we'd love to see dynamic, interesting work ranging from detourned cigarette box designs, micro-sculptures, miniature Zines/ comics/ books, DIY art kits, ephemera /kitsch, tiny paintings or even sound recordings on flashdrives.

Fee
We will receive artwork on a Sale-Or-Return basis, the artist can decide the amount charged for the work (up to £10) and will receive all payment for work sold at the end of the 6 month exhibiting period.

Selection Process/How to Apply
If you are interested please send an expression of interest (of no more than 100 words) and an indicative selection of images / proposals to: notopenstudiosexeter@gmail.com by April 11th.

NOSE 2016
Exeter City Council

Community Coins (9th - 15th May 2016)

For Art Week Exeter this year, some of the participating projects - NOSE & Museum of Contemporary Commodities - are using the theme *Trade/Exchange*.

To this end, NOSE will be producing a number of objects and would really appreciate the help of various communities and neighbourhoods in the city with one of them:

We would like to make a series of pin badges that look like coins. Instead of Kings and Queens, we'd like to feature the faces of some proper local heroes in the city. For instance, in St David's ward we have a brilliant postman who really goes above and beyond in his job and has built a great personal relationship with many of the people he delivers to (Vince); we also have a brilliant street sweeper who is fastidious and dedicated and fearlessly tackles just about anything that's been dropped, blown or dumped in our neighbourhood (Bob).
We'd like to make an edition of 20 in total, but please just propose one or two from each ward/ neighbourhood.

What do we need from you? - Name and contact details for your local hero and maybe a line about why. Please make sure to ask them first! Send to: **stuartcrewes@gmail.com**

What will we want from them? - Someone will arrange come and take their photograph, which will be photoshopped into the image of a coin.

What happens then? - The badges, along with a multitude of other things will be available from the NOSE shop during Art Week Exeter.

For more details - **www.artweekexeter.org.uk** - goes live at the end of February.
