Exeter Library Exhibition Opportunity 1

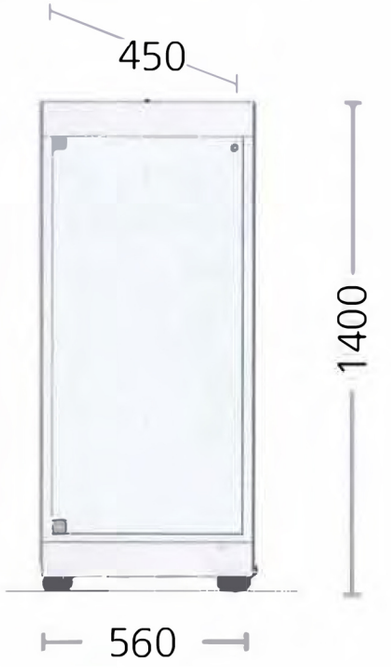

Exeter Library and Art Week Exeter are offering the opportunity to exhibit standalone artworks in the ground floor display cases. This unpaid opportunity is open to any local artists to apply. We are looking for art works, installations, devices and interactions on the theme of **words and language**. Installation will be for the whole month of June. Works can be available for sale, without commission. It is important for artists to remember that the library has a wide demographic of visitors, so artworks should be suitable for all ages, as well as being politically and religiously unbiased, please.

The ground floor has three cabinets available, with glass enclosures and display racks as per below. Internal measurements: 560mm wide, 450mm deep, 1400mm high. The internal glass shelves are re/moveable.

Please send submissions via the online form by 11th December 2026. Please prepare - images of your current/ previous work, a proposal for your installation and any assistance you may require.
